

You might only think that the Juicy Cube is just like an ice cube, put in juice, But it is A LOT MORE than just that. The Juicy Cube is practically an ice cube fully loaded with juice, that contains a flavour of the user's choice. So, once it is put into a glass of water, it has more than one benefit. The glass of water will become a cold glass of chilled juice, all in less than thirty seconds. It will also give the user a burst of energy that will surely get them up and running!

The number one targeted consumers for the Juicy Cube are ^{who} people that are always on the go. They are the people that don't have enough time to make a whole jug of juice, so instead, they'd choose the Juicy Cube! It is very easy to make a glass of juice with the Juicy Cube, which is why it only takes thirty seconds! All you have to do is plop the Juicy Cube - with the flavour you want - into a glass of water, and stir. It is as easy as 1, 2, 3 and helps to get you going, for a brand new day!

The first day the amazing Juicy Cube will be available, is January, the 1st. There is no better way to kick off a new year, than with a new fabulous product! Not only that, but you'll be able to buy the Juicy Cube at your local grocery store in packs of ten for five dollars, and packs of five for two dollars. On top of the Juicy Cube having a scrumptious ^{plus} taste, all-natural ingredients, and many different AWESOME flavours, there is still MORE TO LOVE! So if you barely have three minutes to spare, have no fear! Just go out and buy the Juicy Cube, and I guarantee you'll be begging for more... or not!
