Created Sexual: Male and Female

**So God created us in his
own image. . . male and
female he created us.**

CF. GENESIS 1:27

To be a person is to be sexual — to be male or female. In Theme 3 you will deepen your understanding of sexuality as an essential part of being human. As you learn more about sexual identity and roles, attraction between the sexes, the commitment of marriage, the gift of fertility, and development during puberty, you will discover that you have a special task during adolescence. This task is to accept and respect yourself as a person who is female or male, and to understand and follow God's plan for sexuality.
